Min. 2"W x 3" L – Max 12"W x 12"L
(additional lengths available)

Product Stack Height:

up to 20" in hopper

Product Thickness: .003" to .750"

Field upgradeable for high-speed and wide format options.

Simple, easy-to-use controls and minimal tool-free setup adjustments allow for greater uptime, maximizing productivity. Ideal in automatic product feeding for inline applications including shrink-wrapping and poly-bagging, or individual offline batch-counting. Easily mounts to adjustable mounting stand* for use throughout your production and fulfillment area.

Superior-PHS offers the most robust friction feeders on the market. These simple to operate feeders come standard with vacuum belt/manifold, forward/reverse rotating gates, and the lowest cost of maintenance. All new Xtreme series feeders come with a 1 year parts replacement warranty. The robust design and dependability of the Xtreme line make it the best value on the market.
